

## **ACTOR/DIRECTOR BRETT KELLY**

BRETT KELLY entered the entertainment business over 10 years ago primarily as a stage actor in Ottawa, Canada.

A burning desire to enter the movie industry was held at bay by the lack of employment in this Canadian government town.

While appearing in such plays as "The Importance of Being Earnest", "The Woman in Black", "Hobson's Choice" and many more- Brett made the decision to study Television Broadcasting at Algonquin College and started making his own short videos.

After several years of experimenting and trying to establish a style, Brett was finally inspired to make a feature film by the passing of his father Richard Kelly. The resulting movie "**THE FERAL MAN**" was released on DVD internationally by US Based Tempe Entertainment after a chance meeting with Tempe Head J.R. Bookwalter at the Dark X-mas convention in Ohio.

Brett followed "**THE FERAL MAN**" with the supernatural "boogeyman" movie "**THE BONESETTER**" IN 2003. This movie, based on a Canadian old-wives tale, was also released by Tempe Video, a sequel "**THE BONESETTER RETURNS**" followed in 2005 and co-starred renowned horror movie starlet Debbie Rochon ("Citizen Toxie", "Nowhere Man"). Other movies by Brett Kelly include the murder-mystery "**FINAL CURTAIN**" which co-starred soap opera actress Robyn Griggs ("Another World", "One Life To Live") and the sci-fi comedy "**SPACEMEN, GO-GO GIRLS AND THE TRUE MEANING OF CHRISTMAS**" which co-stars scream queen Brinke Stevens ("Slumber Party Massacre", "Hybrid").

in 2005, Brett filmed the horror/comedy "**MY DEAD GIRLFRIEND**" which will see release on DVD in 2007. Impending future projects include a remake of the 1991 seldom seen JR Bookwalter vampire movie "**KINGDOM OF THE VAMPIRE**" which promises to keep the Brett Kelly tradition going of raising the stakes with each movie.

Movies Brett has acted in for other directors (in the horror/B-movie genre):

"HARRY KNUCKLES AND THE PEARL NECKLACE"- Lee Demarbre (on DVD 2006)

"GOREGOYLES: BACK TO THE FLESH"- Miles Finlayson (on DVD 2007)

"DESTRUCTION KINGS"- Chris Seaver (on DVD 2006)

"BLOODY HARVEST"- Ralph Gethings (no release set)
