## Con\*Cept 2009 Video Submission

### General Information

Readily available DVDs of popular and cult television shows and movies have made the traditional convention video room virtually obsolete. Therefore, Con\*Cept will only be showing submissions of new work by fans and independent professionals eager to share their passion with our members.

All submissions will be screened by our committee and priority given first to submissions from our members, and then to productions that will appeal to our members: fans of science fiction and fantasy. We also encourage the producers, or their representatives, to appear at Con\*Cept to present their work and be prepared to discuss it with the audience after the showing. While free memberships to Con\*Cept are only available to professional film producers willing to participate in our general programming, it is possible for amateurs to obtain a free pass for the hour or two of the presentation. Registration forms are available for download from our web site

The video room presenters may also be interested in selling their work in the dealers room, or taking out an ad in our souvenir book. The dealer table comes with two free passes and can be shared by a group wishing to sell their videos and DVDs. For more information, consult:

<http://www.conceptsf.ca/2009/dealers09.html>.

It is important to note that Con\*Cept requires that all productions shown be the legal property of the presenter, and that our video presentations and the merchandise sold in the dealer room be directly related to science fiction and fantasy. Productions with adult content will be shown after 10:00 pm. The committee reserves the right to refuse productions that do not meet our standards.
